Heavy-Duty Power Adapter Cord, 20A, 12 AWG (NEMA L5-20P to NEMA 5-15/20R), Locking Connector, 6 in.

MODEL NUMBER: **P046-06N-T**

Highlights

- Locking connector prevents accidental disconnection
- Durable SJTW jacket
- Meets UL safety standards
- 6 in. long
- 125V/20A rating

Package Includes

- P046-06N-T Heavy-Duty Power Adapter Cord, 6 in.

Description

The P046-06N-T Heavy-Duty Power Adapter Cord features a locking NEMA L5-20P plug on one end and a straight-blade 5-15/20R connector on the other, allowing you to convert a power cord with a 5-15P or 5-20P plug for use with a locking L5-20R outlet. Establish a power connection by attaching the 5-15/20R end to your electronic component and the L5-20P plug to a PDU, UPS or other compatible AC power source. The molded locking connector twists into place, preventing disconnection via jostling or other accidental impact. The six-inch 12 AWG cord is rated for 125V and 20A and meets UL safety standards. The durable SJTW jacket is designed to last a long time.

Features

Adapts NEMA 5-15P or 5-20P Power Cord for L5-20R Outlet

- Locking NEMA L5-20P connector prevents accidental disconnection
- Tested to UL standards 62 and 817 for optimal product safety
- 125V/20A rating
- Three 12 AWG conductors
- Durable SJTW jacket
- 6 in. long
