**RoHS** 

Compliant

## **Specifications:**

Current rating : 3.0A ac/dc. Voltage rating : 250V ac/dc. :  $20m\Omega$ . Maximum contact resistance Minimum insulation resistance :  $1000M\Omega$ .

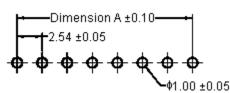

Withstanding voltage : 1000V ac/minute. Operating temperature range : -40°C to +105°C.

Material and Finish:

: High temperature plastic (nylon 66). Insulator

Insulator colour : Beige. Contact : Brass. **Plating** : Tin plated.

## **PCB** Layout

Dimensions: Millimetres

This data sheet and its contents (the "Information") belong to the Premier Farnell Group (the "Group") or are licensed to it. No licence is granted for the use of it other than for information purposes in connection with the products to which it describes the information purposes in connection with the products to which it describes to No licence of any intellectual property rights is granted. The Information is subject to change to dut notice and replaces all data sheets previously supplied. The Information supplied is believed to be accurate but the Group assumes no responsibility for its accuracy or completeness, any error in or omission from it or for any use made of it. Users of this data sheet should check for themselves the Information and the suitability of the proddata sneet should check for themseives the information and the suitability of the prod-ucts for their purpose and not make any assumptions based on information included or omitted. Liability for loss or damage resulting from any reliance on the Information or use of it (including liability resulting from negligence or where the Group was aware of the possibility of such loss or damage arising) is excluded. This will not operate to limit or restrict the Group's liability for death or personal injury resulting from its negligence.
