DataReady™ PRO Kit

Professional Data Cable Installation Kit

Complete data cable installation kit providing everything for cutting, stripping, crimping, terminating and testing data cables and modular plug cable systems.

Designed to support the installer using commonly available connectors and punchdown termination blocks. The LAN ProNavigator™ tests CAT-5 and CAT-5e cable for cable continuity problems and split pairs. This tester also shows results on both main and remote units.

All tools contained in a professional soft-sided zipper case with heavy-duty wrist strap. The DataReady PRO kit includes:

- ✓ 1300 Series crimp tool frame (P/N 1302)
- ✓ RJ45 WE/SS die set (P/N 2061)
- ✓ RJ11/RJ12 WE/SS die set (P/N 2062)
- ✓ RJ22 handset die set (P/N 2063)
- ✓ RJ45 AMP (Tyco Electronics Inc.) die set (P/N 2064)
- ✓ RJ11DEC-MMJ die set (P/N 2067)
- ✓ AM 12 UTP/STP cutter/stripper (P/N 1112)
- ✓ SurePunch™ ergonomic punchdown tool (P/N 3571)
- ✓ SurePunch™ 110 reversible punchdown blade (P/N 4572)
- ✓ SurePunch™ 66 reversible punchdown blade (P/N 4573)
- ✓ LAN ProNavigator™ tester with remote (P/N 1543)
- ✓ Instruction and assembly manual included
- ✓ Saves time looking for the right tool—all pieces are in one place
