

SensoPlus® VDE

**SURELY THE BEST,
THE SAFEST**

C.K. SensoPlus® Insulated VDE Screwdrivers:

100% safety – perfect in design – perfect in quality. The successful C.K. Safety ranges HD-Comfort and Triton VDE-Screwdrivers are extended by SensoPlus® technology. Ergonomic, insulated screwdrivers with unquestioned quality, produced to all relevant standards including individual VDE-testing to 10.000V AC, offer 100% safety in addition to all the other features of C.K. SensoPlus® Screwdrivers.

- ① Dual-compound handle with integrated Soft Grip Inserts – tailored to your hand's dimensions.
- ② Clear product classification
- ③ Fatigue-free, comfortable work due to ergonomic handle design with rounded spinning area. Hanging hole for ease of display and storage.
- ④ Technical specification as per DIN/ISO.
- ⑤ Contoured sheath moulded to blade – added insulation and safety.
- ⑥ Meet all criteria for EN 60900 and VDE 0682/201, individually tested to 10.000V AC for use on and around live line equipment up to 1000V AC. Certified by VDE: independently tested and monitored.
- ⑦ Quality blades made from hardened high alloy special steels – tough and wear resistant even in extreme circumstances.
- ⑧ Precision machined black tips – ultimate screw fit and non-peel.
