

CSTF6 Heavy Duty Aluminium Folding Sack Truck - 200kg

This compact sack truck has a huge carrying capacity, making it ideal for use in a store, factory, warehouse etc. It has a high quality durable aluminium construction and a simple push button securely locks the truck into position in seconds.

The foldaway foam handles are great for maximum comfort when carrying heavy loads and the extra large wheels ease movement across difficult ground. Highly portable, it folds flat into the back of a car or van making it ideal for on-site.
