Title	Probe Pack for Atlas LCR Passive Component Analyser with 2mm connectors (Part number PTPM)														
Catalogue copy	Premium quality gold plated croc clips and surface mount tweezer probes for use with the Atlas LCR Passive Component Analyser (with 2mm connectors). Key Features <ul style="list-style-type: none"> • Crocs Ideal for testing leaded components or large components. • Gold plated crocs ensure good contact conductivity and long life. • Surface mount tweezer probes suited to loose SMDs, even down to 0402 and smaller. • Parasitic inductance, capacitance and resistance easily nulled by the Atlas LCR Probe Compensation feature. 														
Specification Summary	<p>Crocs:</p> <table border="1"> <tr> <td>Body length</td> <td>40mm</td> </tr> <tr> <td>Cable length</td> <td>35-45mm</td> </tr> </table> <p>Tweezers:</p> <table border="1"> <tr> <td>Body length</td> <td>120mm</td> </tr> <tr> <td>Tip length</td> <td>3mm</td> </tr> <tr> <td>Tip width</td> <td>1.35mm</td> </tr> <tr> <td>Cable length</td> <td>120-140mm</td> </tr> <tr> <td>Max tip separation</td> <td>15mm approx</td> </tr> </table>	Body length	40mm	Cable length	35-45mm	Body length	120mm	Tip length	3mm	Tip width	1.35mm	Cable length	120-140mm	Max tip separation	15mm approx
Body length	40mm														
Cable length	35-45mm														
Body length	120mm														
Tip length	3mm														
Tip width	1.35mm														
Cable length	120-140mm														
Max tip separation	15mm approx

Dimensions per product (excluding leads)	Croc: 40 x 13 x 11 mm Tweezers: 125 x 20 x 10 mm														
Dimensions per product (packaged)	150 x 90 x 30 mm														
Weight per product (nett)	0.020kg														
Weight per product (packaged inc docs)	0.030kg														
Bulk order multiple	20, 80														
Harmonisation / Commodity Code	9030 8999 GB														
Fundamental Materials	Plastic and metal.														
Country of manufacture	England (UK)														
Certification	CE, WEEE, ROHS														
Keywords	peakelec, peak electronic design, peak electronics, peak electronic, Peak Atlas, Atlas, LCR40, Atlas LCR, LCR, LCR Bridge, LC Bridge, LC Meter, Passive component tester, Pass component analyser, Passive component analyzer, Passive component meter, inductor meter, inductance meter, inductor tester, capacitor meter, capacitance meter, capacitor tester, meter, resistance meter, resistor tester, component tester, component analyser, component analyzer, component identifier, croc clips, crocodile clips, crocs, alligator, gator clips, crc probes, crocodile probes, crocodile clips, alligator probes, surface mount tweezers, tweezers, tweezer, SMD, SMD03, SMD 03, SMD03M, SMD 03M, STM tweezers, SMT tweezer SMD probes, SMD probe, SMT probe, SMT probes, probe pack, ptp03, ptp03m, lcr probe pack, lcr probes.														
Suitable Accessories	LCR40 , SMD03M , CRC01M , LCRLHP2 , ATC55 , ATC01 , GP23A
