

# ServSwitch Computer Cable, PS/2<sup>®</sup>, 10-ft. (3.0-m)

MFG Part Number: EHN409-0010

## Description

ServSwitch User Cable, PS/2<sup>®</sup>, 10-ft. (3.0-m)

## Quick Facts

- Provides the convenience of running just a single cable for your keyboard, monitor, and mouse connections.
- PS/2<sup>®</sup> connectors are color coded and labeled for instant identification.
- Guaranteed for life!

## Further Details

- Because the keyboard and mouse cables are two inches longer than the video cable with the locking connector, all cable stress is absorbed by the locking VGA connector, making accidental disconnection next to impossible!
- For use with ServSwitch Wizard™, ServSwitch Wizard LP, ServSwitch Wizard PRO, ServSwitch Wizard IP, ServSwitch Uno™, ServSwitch Duo™, ServSwitch Quadro™, Multihead ServSwitch, and ServShare™ II.

NOTE: This cable is not for use with the ServSwitch Uno USB and ServSwitch Duo USB.
