## HARTING Electric Product Change Notification PCN/0020

**Product Range:** Han-Modular  
Han E Protected Module

Date: 20131011

Please be informed that the design of the Han® E Protected Module female 09 14 006 3141 has been changed so that the handling is improved.

**Features and advantages of the new design:**

- The new design has now a lead-in chamfer that avoids interferences with the male module, which have occurred in the docking frame in some minor applications.
- All other mechanical and electrical characteristics remain the same. The module is 100 % mating compatible.
- The part number remains the same only the revision level is changed from 02 to 03.

**The change has been implemented**
