

Product Discontinuation Notification

Product Line:	speakON 2-pole Series	Part No:	NL2FC*
---------------	------------------------------	----------	---------------

Engineering Change		Date:	August 2013
--------------------	--	-------	-------------

Comments:	2-pole speakON inline cable connector discontinued		
-----------	--	--	--

	Discontinued part number	Replacement part number
Affected products:	NL2FC	NL2FX

In approximately November 2013, Neutrik will discontinue the 2-pole speakON connector NL2FC, NL2FC-D (bulk packaging), and NL2FC-POS (blister-pack point-of-sale packaging). The replacement is NL2FX. NL2FX is a significant upgrade to NL2FC, accommodating larger gauge wire, increasing the amperage, and using the proven strain relief and latch mechanisms of the FX series of speakON cable connectors.

	NL2FC	NL2FX
		
Rated Current Per Contact	30 Amp (rms)	40 Amp (rms)
Rated Voltage	250 VAC	250 VAC
Wiring Gauge Screw Terminal Soldering	14 AWG 12 AWG	12 AWG 12 AWG
Wiring Method	Screw Terminals	Screw Terminals
