

## Hot-melt Glue Applicators

### Hot-melt glue applicator Gluefix

#### Overview Hot-melt Glue Applicators

#### Information copy

**Creativity tool.** Hot-melt adhesive applicator Gluefix, for work, craft and decorative creativity, low-price entry level tool, particularly practical and light, ergonomic shape.

#### Details

**Gluefix is the small hot-melt glue applicator in a modern design. A creative companion you soon won't want to be without for handicrafts and decorating.**

The wonderfully lightweight tool with its slender, ergonomic shape fit perfectly in the hand. It feels good to touch and helps to get precision results in creative craft work and decoration – particularly in conjunction with the Cristal and Color glue sticks (see accessories).

**Product benefits:** Particularly practical. High melting capacity. Electronic temperature control through modern PTC heating technology. Simple handling thanks to mechanical glue stick feeder. Glued area is capable of withstanding loads after approx. 2 minutes.
