

NORTON™ SECURITY WITH BACKUP
The best of Norton for your family of PCs, Macs®, smartphones and tablets, now with secure PC backup
The new Norton Security with Backup delivers the best of Norton for your family of devices. Just one simple subscription helps protect your PCs, Macs, smartphones and tablets, and even backs up the personal files, photos, videos and other memories on your PC. Norton Security with Backup helps keep you safe online for the many ways you connect. It's the one solution to help keep the devices under your roof safe.
How does Norton Security with Backup protect you and your devices?
The smartphones, Macs, PCs and tablets under your roof, they're covered. Get rock-solid Norton protection for the PCs, Macs, smartphones and tablets in your home.
Every device is different. So is the specialised protection we provide for each. PCs and Macs are protected from online threats and identity theft. Smartphones and tablets are safe from loss and unwanted access to personal information.
Your privacy, your precious holiday memories, your contacts. All safe and sound. Keep your private information safe. Protect your memories with 25GB of online storage. <sup>3</sup>
Fits your growing and changing family of devices. <sup>1</sup> We make it easy to move protection from one device to another. So why wait? Get that new addition for your ever-changing family of devices.
<sup>1</sup> An additional fee may be required. Pro-rata charges may apply if you require additional PC storage. <sup>3</sup> Available for PC only.
But, I don't need antivirus on my smartphone or tablet...
Think of all the personal information you store on your mobile device—photos, contacts, messages—what would you do if your device was lost or stolen? Norton offers more than just antivirus so you get specialised protection for each device you use.

NORTON™ SECURITY WITH BACKUP
What happened to the other Norton products?
Norton is evolving its portfolio to offer you our best-in-class protection yet. Norton™ AntiVirus, Norton™ Internet Security, Norton 360™ and Norton 360™ Multi-Device are being rolled into one simple service: Norton™ Security.
1. Mobile access continues to grow rapidly.
2. Customers are overwhelmed. There are just too many choices.
To address these trends, Norton now offers "Right for Me" protection.
Norton makes it EASY FOR ME to protect all the ways I connect. Stay SAFE ON MY VARIOUS DEVICES, no matter HOW MANY I HAVE*, what they are**, or how OFTEN I UPGRADE THEM. Is Norton right for me? YES.
PC or Mac OR PCs, Macs and Mobiles EVEN Move protection from one device to another
