Extend existing parallel or serial connections.

BC00713

Description

DB25 Female Extension Cable, 25-ft. (7.6-m)

Quick Facts

- Multipurpose RS-232 DB25 serial cables.
- Extend existing serial cable up to 25 feet (7.6 m).
- Guaranteed for life!

Further Details

- Ideal for connecting a computer to a modem.
- Fully molded with thumbscrews.
- Features 28 AWG conductors.
- Foil shielded for EMI/RFI protection.
- All 25 pins connected straight through (1–1, 2–2,...25–25).

Place your serial printer or modem anywhere. Extend existing serial or parallel cables, connect a switch box, connect a modem—there are many uses for these DB extensions.

This cable has two DB25 connectors (female/female), and it's connected straight through.
