## ABC Dual Switch, DB25 and RJ-45, Chassis Style B

Two switches in one.

SW182A

#### Product Highlights

- This dual switch has one common port (C) with a DB25 connector and one common port (C) with an RJ-11, RJ-45, DB25, or 4-wire terminal strip.
- Each port (A or B) has two standard female connectors.
- Guaranteed for life!

#### Further Details

This switch also has two connectors for each switch position (A or B).

Switch two devices connected to port A or two devices connected to port B simultaneously.

Each switch includes two sets of ABC connectors on the back of the box. Turn the knob on the front panel to switch both sets to either the A or the B position simultaneously.

#### This product works with:

- Gender Changers (FA402-R2, FA412-R2)
- DB25 Extension Cable (BC00701)
