

# "BNC" Terminators

BNC terminators are available in standard 1% tolerance versions and in the economy 5% tolerance styles. The standard types have removable color coded caps for easy identification. The economy type are color coded as well but caps are not removable.

| Part Number | Description                         | Fig. No. |
|-------------|-------------------------------------|----------|
| 310X054A    | 50 $\Omega$ with Red Cap            | 50       |
| 310C054     | 50 $\Omega$ with Grounding Chain    | 51       |
| 310X074     | 75 $\Omega$ with Blue Cap           | 50       |
| HBC310X075  | 75 $\Omega$ Precision .1% Tolerance | 52       |
| 310X094     | 93 $\Omega$ with Yellow Cap         | 50       |
| HBC310X075  | 75 $\Omega$ Precision .1% Tolerance | 53       |
| EJ175       | 50 $\Omega$ Economy                 | 52A      |
| EJ177       | 75 $\Omega$ Economy                 | 52A      |
| EJ179       | 93 $\Omega$ Economy                 | 52A      |
