

VDE Insulated Socket Set

- A 9-piece 1/2" square drive insulated socket set which is equivalent to 26 pieces
 - Sockets are designed to drive on the flats not corners which enables them to suit metric/imperial, A/F, Whitworth, BSF and BA hexagon nuts and bolts
 - Manufactured from high grade chrome vanadium steel which are insulated using two contrasting insulating layers
 - Manufactured to VDE standard and supplied complete in high visibility plastic case
 - 1/2" drive reversible ratchet has a socket locking facility quick release button
- Contents: 1/2" Ratchet, 10, 13, 14, 16, 17, 19, 20/21mm, 12mm Extension bar

mm	10	13	14	16	17	19	20/21
