

**Dear Customer,**

With this INFINEON Technologies Information Note we would like to inform you about the following

## **Introduction of a new label design for IGBT modules in IHV-A 6.5kV housings**

N° 175/17

## Introduction of a new label design for IGBT modules in IHV-A 6.5kV housings

### ► Products affected:

All Infineon 1,7kV, 3,3kV, 4,5kV and 6,5kV IGBT modules in IHV-A 6,5kV housings

See attached 1\_cip\_175\_17 affected products list

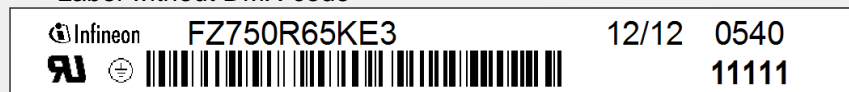

### ► Detailed Change Information:

**Subject:** New label design

**Reason:** Implementation of DMX-code on the label and unification of the label sizes with XHP™ 3 module label sizes.

#### Description: Old

- Label without DMX-code

- Label size 90 x 9 mm

#### New

- Label with DMX-code

- Label size 62 x 9 mm

### ► Product Identification:

The products with the new label design can be identified by the date-code or visually.

### ► Impact of Change:

Beside the above mentioned changes, the other specifications of the mentioned modules, like electrical- and mechanical module parameters, remain unchanged according to JEDEC Standard JESD46-C: form, fit, function and reliability.

### ► Attachments:

1\_cip\_175\_17 affected products list

### ► Intended start of delivery:

February 2018 onwards

If you have any questions, please do not hesitate to contact your local Sales office.
