

1/8" Wide Steel Fish Tape 240 ft

Cat. No. 56004

Product Features

High strength spring steel fish tapes are stiff for long runs and are great for heavy duty wire pulls

Laser etched markings in 1' (0.3 m) increments allow you to more accurately measure the depth of conduit runs and determine the amount of tape left to pay out

Polypropylene case and handle offer the maximum in impact resistance

Raised fingergrrips transfer 100% of the winding power from your hand and fingers

Full grip style handle gives you a firm, steady grip as you pull tape from the case

Unique sloped handle optimizes hand position for quick hand-over-hand rewinds

The 13" (330 mm) case diameter means you can reel in 15% more tape in a single revolution than similar sized 12" (305 mm) tapes, saving you time and effort

Patents: D574,277; 8,212,178; 8,168,921; 8,164,025. Other Patents Pending
