

Attached Lid Container 39170

Attached Lid Containers (ALCs) are reusable storage containers ideal for use in order picking, closed-loop distribution, and storage applications. Attached lids snap securely closed to protect contents from dust or damage. These industrial shipping containers stack for maximized storage and nest when empty, saving space. Textured bottoms provide a sure grip on conveyor belts. Strong molded-in handle grips are ergonomically designed for easy lifting and carrying. Padlock eye provides security option. Reinforced steel hinge pins provide years of smooth lid operation.
