Cyclops Macro and ZEN Mount

Monitor not included

Limitless Positioning Options

Aven's Cyclops Macro Digital Microscope and ZEN Mount connects directly to a HD monitor as well as to a computer. A large working distance allows examination of sizable objects. **Magnification allows 3x-43x on a 24in HD monitor.** This breakthrough system increases accuracy and productivity while easing eye strain and user fatigue – valuable benefits in high-volume applications, such as parts inspection in assembly operations. The ZEN Mount (now available at Aventools.com) is a versatile, lightweight, multi-angle, telescoping mount that offers optimal maneuverability and offers an extended reach of 12in-16in.
