

U S B I n t e r f a c e H 0 8 7 0

Galvanic separation of test device and interface

USB 2.0 standard, Type B connector

For installation in Programmable Measuring Instruments Series 8100

I E E E - 4 8 8 (G P I B) I n t e r f a c e H 0 8 8 0

24-pin connection in accordance with IEEE-488 (socket)

Galvanic separation of test device and interface

Up to 15 devices on one IEEE-488 bus

For installation in Programmable Measuring Instruments Series 8100

R S - 2 3 2 I n t e r f a c e H 0 8 9 0

RS-232 Interface in accordance with V.24

9-pin connection (D-sub socket)

Galvanic separation of test device and interface

For installation in Programmable Measuring Instruments Series 8100
