

Technical Data

AMBERCLENS NB **ANTI-STATIC FOAMING CLEANER (NON-FLAMMABLE FORMULATION)**

AMBERCLENS NB is a unique anti-static foaming cleaner based on a blend of surfactants, solvents, inhibitors and water. It has been formulated without hydrocarbon propellants and is therefore non-flammable.

Unrivalled in performance, it quickly and easily removes all types of dirt, grease, stains, soiling and other contamination from hard surfaces and fabrics.*

APPLICATIONS

Ideal for cleaning stubborn or ingrained dirt from all hard surfaces. Invaluable where water is not readily available.

Particularly useful in the aviation industry and other areas where the use of hydrocarbon propellants would not be desirable. Suitable for use on business machines and office equipment, domestic appliances, worktops, walls, machinery, plant and equipment, cabinets, casings, formica, vinyl and leatherette upholstery.*

Apply from a distance of 6" - 9" (15 - 25 cm). Leave for 10 - 20 seconds and wipe away with a clean, damp cloth.

Do not apply directly onto keyboards or similar equipment.

* Always test a small, inconspicuous area for colour fastness before general use.

TECHNICAL DATA

Appearance	: White foam
Odour	: Perfumed, anti-septic
Specifications/Approvals	: British Coal Reg No. AE152
SG @ 25°C	: 1.00
Pressure @ 25°C	: 3.7 Bar
Discharge rate	: 1.55 g/sec
pH	: 10
Solubility	: Soluble in water and alcohols, insoluble in hydrocarbon solvents
Flammability	: Non-flammable
Flashpoint	: Not applicable in sealed aerosol

Packaging : 400 ml aerosol (12 per carton)

STORAGE

The product may be stored at normal ambient temperatures and has a shelf life of not less than 72 months with correct storage. Aerosols should always be stored below 50°C, away from direct heat and naked flame.

HEALTH AND SAFETY

Health and Safety sheet available separately.

TECHNICAL SERVICE

CRC Industries UK Ltd provides a technical support service and maintains a constant programme of research and development. We are able to assist customers by specific product development to meet particular requirements.
