09186 - Jewel® MagSnap Adjustable Metal Wrist Strap

Features:

- Magnetic Connection Between Wrist Band and Coil Cord
- Superior electrical connection to eliminate intermittent failures of traditional snaps; extends the lifespan of the wrist strap. Maintains 1-5 pound release to prevent accidental disconnects and increased safety.
- Metal Expansion Wristband
- Used with a coil cord to create a path-to-ground for an operator with resistance $<3.5 \times 10^7$ ohms per the required limits of ANSI/ESD S20.20, tested per ANSI/ESD S1.1 or ESD TR53.
- Patented¹ Size Adjustment
- Designed to allow the operator to adjust the size (circumference: 5.5" - 13") to their wrist.
- Medical Grade Series Stainless Steel Backplate and Links
- Creates a more reliable path-to-ground² for the operator.
- Solid Stainless Steel Machined Snap Stud

- Solid material will provide a consistent 1-5 pound release to prevent accidental disconnects between wristband and cord.
- Date Coded
- Provided so that the lifespan of the product may tracked and to ensure quality control.
- UL Listed
- Meets UL requirements to ensure operator safety.
- To be used with MagSnap® Coil Cord
- [Click here for MagSnap® Coil Cords.](#)
- Made in United States of America
- This item is made and stocked in Chino, CA.
