### Product Feature

- Contains everything you need to add four HD screens (or one UHD screen) to your Radian Flex Video Wall Software setup
- Enables you to manage multiple video outputs separately
- Supports four Xt HD Viewers or one Xt UHD Viewer
- Cuts your hardware cost in half
- Includes a powerful, small form factor PC with Windows 10 Pro x64
- Includes VESA/wall-mount brackets

### Details

The Radian Flex Quad 2 x 2 Viewer Bundle combines four Xt Viewer licenses and a small form factor PC with multiple video outputs to provide you with a very cost-effective and user-friendly way to connect screens with your Radian Flex Video Wall installation. Use the bundle to connect four HD video wall screens or one UHD 4K screen with your Radian Flex System.

Once the PC's video outputs are connected to the video wall screens, the Radian Flex Controller software and user interface give you complete, real-time control over what, when, where, and how content is displayed.

### The Quad Viewer Bundle consists of:

- (1) VW-FLEX-QUAD PC
- (4) Xt Viewer Licenses
- VESA/Wallmount Brackets

### Cut Your Hardware Cost in Half

Save money on the hardware requirements for connecting screens to your video wall with this bundle: VW-FLEX-QUAD is half of the list price of a regular 2 x 2 system for hardware alone.

### High-Performance, Windows Compatible PC

The PC uses an i5 9500T core processor that clocks up to 3.70 GHz and boasts 16 GB of memory. To allow attaching a variety of monitors, it features these video ports: (1) DisplayPort, (1) HDMI 2.0, and (4) Mini DisplayPort (for quad viewing). Additionally, the included PC supports LAN, wireless, USB, and analog stereo audio connections. For optimum performance and compatibility, the VW-FLEX-QUAD PC runs on Windows 10 Pro x64.

### Radian Xt Viewer Drives Your Video Wall's Display Devices

The bundle includes four Xt Viewer licenses to support four HD connections or one UHD connection.

### Mounting Hardware Included

The bundle includes VESA/wall-mount brackets to facilitate the mounting of the PC behind your screens or wherever you want to install it.
