

Description

Port saver prevents unnecessary wear on ports where devices are constantly being connected and disconnected. They simply connect onto the original port and allow peripherals to be connected to them instead. Especially suitable for laptops. Supplied as Male to Female.

Specifications

- Current Rating : 3A
- Withstanding Voltage : AC 1000V, 5s
- Insulation Resistance : 1000MΩ 500V DC
- Operating Temperature : -55°C to +105°C
- Housing Material : PBT+30%G.F., Blove, UL94V-0
- Contact Material : Brass
- Finish Contact Plating : Gold Plated
