

# adapter kit DADG-AK-140

Part number: 555426

FESTO

Fixed poppet valve, for rotary indexing table DHTG.

## Data sheet

| Feature                                 | Value                         |
|-----------------------------------------|-------------------------------|
| Size                                    | 140                           |
| Assembly position                       | Any                           |
| Corrosion resistance classification CRC | 2 - Moderate corrosion stress |
| Product weight                          | 375 g                         |
| Materials note                          | Conforms to RoHS              |
| Material seals                          | NBR                           |
| Material plate                          | Steel<br>Galvanised           |
| Material screws                         | Steel<br>Galvanised           |
| Material centering pins                 | Steel                         |
