

## Fiber Optic Connector/Adapter Cleaner for LC and CS Connectors

Item # FOC-SS-CS

### Description

The L-com FOC-SS-CS is a handheld fiber cleaner, allowing for over 750 cleanings of LC and CS type fiber optic connectors. The reinforced tip ensure proper alignment with the ferrule, and also allows for opening of internal shutters found in many LC adapters. The cleaning system rotates 180° to allow for a full sweep of the connector. This tool removes dirt, oil, and debris from connectors, ensuring the performance and uptime of the fiber optic link.

### Features

- Cleaning system rotates 180 for a full sweep|750+ cleanings per tool; refillable
- Easy pushing motion engages connector and initiates cleaner
- Reinforced tip improves alignment with CS and LC connectors, and opens internal shutters in LC adapters
- Used to remove dirt, oil, and debris from CS and LC fiber optic connectors

### Application

- Fiber Maintenance
- Fiber Installation
- Fiber Testing
