

## DB9 Cable Female to Female (2m)

PID: MIKROE-5834

**DB9 Cable Female-to-Female (2m)** cable excels in establishing secure serial data connections. Its robust connectors ensure reliability, catering to networking, console access, and serial peripherals. Combining durability with flexibility, it accommodates various environments, from industrial applications to home setups, making it an indispensable solution.

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.  
 ISO 14001: 2015 certification of environmental management system.  
 OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).
