FURTHER INFORMATION

STORAGE / TRANSPORT: Always store in clean, dry conditions and contain within the poly bag/box provided. Do not store in places subject to direct Sunlight or in contact with solvents.

PRECAUTIONS BEFORE USE: It is very important that the fitting instructions and recommendations are adhered to. If not the protection offered will be seriously impaired and serious injury may result. Further information should be sought from the manufacturer. The enclosed product information sheet should be read before use.

CLEANING: Clean with mild detergent. Do NOT use paints, solvents, chemicals, adhesives, petrol or similar substance on this helmet.

DISINFECTION: The parts of this product in contact with the skin should be disinfected (at least every 3 months) with a suitable disinfectant solution.

CHEMICALS: Certain chemicals may have a detrimental effect on contact with this product. If in doubt please check with your

INSTRUCTIONS FOR USE:

1. Install the suspension to the helmet by inserting the 4 suspension hanger keys to the 4 key slots of the helmet. (Detailed assembly instructions are printed on the polybag.) If the chin strap is used, insert hooks into the two chin strap attachment holes on the side of the helmet.

2. This is a one size helmet and should be adjusted to fit by moving the pin to the appropriate ratchet hole at the nape of the neck.

3. If the chin strap is used, adjust the buckle until the helmet feels comfortable and snug to the head.

NOTE: Industrial safety helmets are intended primarily to protect the upper part of the wearer's head against injury from falling objects (and consequential brain injury and skull fracture). They are not intended to protect against molten metal splash. DO NOT MODIFY.
