

Travel Docking Station for Laptops - HDMI or VGA - USB 3.0

Product ID: USB3SMDOCKHV

The travel docking station for laptops lets you transform your laptop or Ultrabook into a mobile workstation. It adds HDMI or VGA video output, a USB 3.0 hub port, and a Gigabit Ethernet RJ45 port, through a single USB 3.0 host connection. The travel-friendly dock helps you overcome the port limitations of modern mobile computers, making it ideal for your laptop, Microsoft Surface Pro 4, Surface Pro 3, Surface 3, Surface Pro 2 or Surface Book.

Now, you can avoid the nuisance of carrying multiple adapters. By consolidating four essential connection ports into one convenient device, the travel dock is the the perfect laptop accessory. It features a lightweight, compact design that fits nicely into your travel bag and also features an integrated host connection cable that tucks neatly into the docking stations casing.

A versatile solution for connecting an additional display to your laptop, the travel docking station offers HDMI video output with audio, or VGA video output, providing two popular interfaces for connecting a television, projector, or monitor as a second display, with support for resolutions up to 2048x1152 (QWXGA). Leveraging the high-bandwidth (5Gbps) USB 3.0 interface to deliver flexible video output, a USB 3.0 hub port, and Gigabit Ethernet, you can quickly set up a multi-functional workstation while on the run, without sacrificing one of your laptop USB ports.

Setup is seamless and hassle-free; the travel dock will automatically download the latest driver when connected to Windows system with an active network connection.

The USB3SMDOCKHV is backed by a StarTech.com 3-year warranty and free lifetime technical support.
