

Pincer Clip w/4mm Female Banana Jack

multicomp PRO

Applications

To grasp conductive parts safely to measure voltages.
General purpose electric and electronic testing, controlling and measuring.

Characteristics

Electrical Safety : According to EN / IEC 61010-031:2008. 1000 V CAT II, reinforced insulation, 6A (at +40°C). These specifications come from the creepage distances, clearances, accessible parts, and solid insulation of the clip. And the considered specifications of the environment are: Pollution degree, 1 or 2 ; Relative humidity, 80% maximum for temperatures up to 31°C decreasing linearly to 50% relative humidity at +40°C
Temperature range, +5°C to +40°C, Indoor use ; Altitude, 2000 m maximum.

Barriers. Keep behind these barriers to operate safely the lead while connecting to hazardous live voltages (more than 33V AC and 70V DC).

Operating Temperature : -20°C to +80°C

Materials : Conductors: Nickel-coated steel, steel and brass.

Diagram

Part Number Table

Description	Colour	Part Number
Pincer Clip w/4mm female Banana Jack (Socket)	Black	76-060
	Red	76-061

Dimensions : Millimetres
