

Laptop Cable Lock Compatible With Noble Wedge®, 6Ft (2m), Anti-Theft Keyed Lock, Security Cable for Dell XPS/Latitude/2-in-1 Notebooks, Cut-Resistant, Steel Cable Lock For Laptop

Product ID: NBLWK-LAPTOP-LOCK

Laptop Cable Lock is compatible with Noble Wedge slot, and it's designed to deter the theft of laptops and other ultra-slim notebooks. The laptop lock features a 6.5ft (2m) cut-resistant cable with a PVC coating, making it a durable and reliable solution for securing laptops. The lock body features zinc-alloy plating, which prevents corrosion and wear. The compact design of this lock is perfect for ultra-slim notebooks, 2-in-1 laptops, tablets, and many other devices that feature a Noble Wedge slot.

The diameter of the lock body is 0.4in (11.6mm), with an off-center lock tip that enables a slim laptop (e.g., Ultrabook) to lay flat when the lock is attached. Additionally, the lock head features both pivot and ball joints, allowing the lock to pivot 90 and rotate a full 360.

The 6.5ft, 4.4mm cut-resistant steel cable can be routed through a grommet hole or wrapped around to the leg of a table. It is the ideal security lock for tradeshow/kiosk product exhibits, POS device protection, and office device security. Enhance the convenience and security of this product, using LTANCHOR or LTANCHORL (sold separately), to secure a device to a table or desk. The multitude of installation options ensures this lock will fit any application.

The lock head features a spacer near the lock tip that protects the device from scuffing or denting the laptop's lock slot. The lock includes a set of two zinc alloy keys.

Certifications, Reports and Compatibility

Applications

Features

- **NOBLE WEDGE LAPTOP LOCK:** 6.5ft (2m) Anti-theft cut-resistant cable lock with PVC-coating for laptops; Zinc-alloy plated lock body; Compact design for ultra-slim notebooks; Includes hook-and-loop strap for storage
- **FULL-MOTION LOCK DESIGN:** Lock features an off-center lock tip to allow an Ultrabook or slim laptop to lay flat; Ball-joint enables 360 rotation and 90 pivot for added flexibility and reduced strain on the lock slot; The lock body diameter is 0.4in (11.6mm)
- **KEYED ANTI-THEFT LAPTOP LOCK:** Laptop cable lock with cut-resistant steel cable (4.4mm thick) includes a set of zinc alloy keys; Quickly lock/unlock and never worry about combinations; Spacer near the lock tip prevents scuffing the laptop or device
- **WIDE COMPATIBILITY:** Keyed lock is compatible with ultra-thin notebooks such as Dell XPS, Latitude, and Chromebooks; Computer locking cable is compatible with 2-in-1 laptops and other devices with Noble Wedge slot
- **FLEXIBLE INSTALLATION:** Route the long cable through a grommet hole or a table leg; Ideal security lock for tradeshow and product exhibits; Accessorize with anchor locks LTANCHOR & LTANCHORL (sold separately) to secure equipment to almost any flat surface
