

Pure Copper Heatsink Pack x 5

SKU: FIT0506

INTRODUCTION

This high quality, low profile, pure copper heatsink is a perfect solution for cooling off small surface-mount components such as stepper motor drivers, SOCs or a LattePanda. The pure copper increases heat dissipation and transfer to keep your device running cooler in warm environments. This pack includes a total of 5 pieces, perfect for covering all heat sources on a LattePanda to ensure it works at a stable temperature.
