Water Resistant

QUICK-FILL CHALK LINES AND CHALK REFILLS

Klein Tools' Quick-Fill Chalk Line and Chalk Refills – industry leading in speed and efficiency. Our patent-pending design ensures mess-free chalk refilling in seconds. Whether you opt for the auto-retracting speed demon, equipped with the fastest retracting chalk line, or the manual chalk line with jam-resistant gears, each chalk line guarantees top-notch performance. With a clear view of remaining chalk and durable braided nylon thread, these products provide convenience and resilience on the job. Choose from our versatile range, including disposable and reusable chalk capsules, as well as a 50' auto-retracting chalk line and a 100' manual chalk line.
