Description

Introducing the Pi 5 Touchscreen Enclosure, designed and manufactured in the UK for seamless integration with the Raspberry Pi 5. Featuring cut-outs for all connections and slots for airflow, it offers simple setup and optimal performance. With its self-standing landscape orientation and accommodation for a 10" touchscreen display, this enclosure combines functionality with style. Crafted from sturdy ABS plastic, it ensures both security and sleekness, enhancing your Raspberry Pi 5 experience in every aspect. Screen and Raspberry Pi board sold separately.
