

RoHS  
Compliant

Polyether

Polyvinylidene

## Features

- The rubber mouth of the screw length (L) is less than or equal to 5%.
- If screw is used with a nut, we recommend using the screw and nut made of the same material.
- The values in the table is only for reference , not a guarantee value.
- Please use a torque wrench to tighten. The recommended tightening torque is 50% of the breaking torque

## Description

PEEK (Polyether ether ketone) is a semi crystalline special engineering plastic with ultra-high performance; Strong chemical resistance, concentrat-ed sulfuric acid is the only universal chemical that can dissolve PEEK: It has excellent heat resistance, wear resistance, flame retardancy, and hydrolysis resistance.

## Applications

- Electronic and electrical appliances
- Photovoltaic and semiconductor industries
- Military industry
- Medical devices
- Aerospace and other fields
