

# Cobalt 5% Straight Shank Twist Drill Bit Set

**RoHS  
Compliant**

## Description

This DIN 338 Cobalt 5% Straight Shank Twist Drill Bit Set is a robust 19-piece collection designed for high-performance drilling through hard materials. Constructed from M35 high-speed steel with 5% cobalt, these drill bits provide exceptional durability, heat resistance, and prolonged life, even under intense use. Engineered to DIN 338 standards with a straight shank design, they deliver stability and reduced slipping, making them ideal for professional and heavy-duty applications.

This set offers sizes from 1mm to 10mm in 0.5mm increments, ensuring precise hole sizing for various projects. Each bit features a twist design to maximize chip removal and maintain smooth drilling. Perfect for tackling stainless steel, cast iron, and other tough metals, this set is a must-have for demanding drilling tasks.
