

HSS M2 Tip-Tin Coated Straight Shank Drill Bit Set

**RoHS
Compliant**

Description

This DIN 338 HSS M2 TiN-Coated Straight Shank Drill Bit Set is a premium 19-piece set designed for enhanced performance and durability. Made from high-speed steel (HSS M2) and coated with Titanium Nitride (TiN), these bits are engineered to extend tool life, reduce friction, and improve heat resistance, ensuring smooth, precise drilling across various materials.

Crafted to DIN 338 standards with a straight shank design, each bit provides stability, minimizes slipping, and delivers accurate results with every use. The set covers sizes from 1mm to 10mm in 0.5mm increments, allowing for flexibility and precise hole sizing for a wide range of applications. Ideal for both professional and DIY users, this drill bit set is an essential addition to any toolkit for superior, long-lasting performance.
