ideal-tek

Product Datasheet

Product code: **TEK-FLEX-XY**

Product type: HD Inspection System

Made in: Sweden

Description: TEK-FLEX-XY is a full high-definition desk optical inspection system with a telescopic arm for precise XY positioning and an adjustable Z-axis height from 310mm to 60mm. The camera provides optical magnification of 46x (27" monitor) and digital magnification up to 140x (27" monitor) - Digital magnifications beyond these values are possible, but they bring noise to the image. ESD safe and equipped with both manual focus and impressively fast autofocus, TEK-FLEX-XY delivers high-quality, distortion-free 1080p FHD images with excellent depth of field and no delay

Special features: XYZ movement - Image share - 110/240V, Type-C PLUG
