

Quick Release Two Ply Heel Strap

Heel straps are an excellent and economical means of providing personnel grounding compliant with BS EN 100015-5-1:1998 when used in conjunction with a conductive floor (primary grounding method) or electro static dissipative floor (secondary grounding method).

This two ply heel strap provides the following benefits to the user

- High durability two ply dissipative/conductive PVC nitrile rubber cup
- Non-marking interior
- Non-snagging fasteners
- Easy adjustment to fit
- Quick release mechanism for removal
- Integral 1M Ω resistor
- Fray resistant earth strap
- Elasticated back.
