

GSR 36 V-LI COMPACT

Fast one-hand bit/drill change thanks to **one-sleeve chuck with fully automatic spindle lock**. Clearly defined „Click“ indicates good fit of bits/drills.

New lever geometry for easier & smoother switching between 1./2. Gear.

Possibility to attach **assist handle** with integrated bit storage depot for better control (adjustable at 270°).

Softgrip on sensitive electronic trigger & T-handle.

Battery release button: with double lock against unintended release

Slide-in mechanism: battery is optimally secured on the tool.

Rated Voltage	[V]	36
Capacity	[Ah]	1,3
Energy content	[Wh]	46,8
Cell Technology		Li-Ion
No-load speed (1st / 2nd gear)	[RPM]	0-400 / 1400
Drilling diameter max	[mm]	
wood		50
steel		13
Clutch settings		15 + D
Torque, max (soft case)	[Nm]	35
Weight, approx. (incl battery)	[kg]	2,5
Chuck range	[mm]	1,5 - 13
Chuck type	[Inch]	1 sl autolock
Number of batteries		2
