## HR25A Series

### Mated dimensions

### Connecting combinations

### Features

#### 1. Small size – high density

Outside diameters - plugs (max): 11 mm : 4,6 and 8 positions  
 13 mm : 12,16 and 20 positions

#### 2. Simple push-in/ pull-out mating / un-mating

Polarized for correct insertion by a straight push-in movement.  
 Built-in lock release mechanism securely locks mated connectors while allowing quick disconnection by simply pulling on the plug release collar.

#### 3. Several mounting number of positions, styles and terminations

Number of positions : 4, 6, 8, 12, 16 and 20  
 Connectors : Plugs, jacks, receptacles  
 Terminations : Solder, crimp or PC board through-hole (receptacles only)  
 Choice of socket or pin contacts for plugs and receptacles.

#### 4. Metal shells

Secure lock between the metal shells provides excellent ground connection required in applications requiring EMI protection.

### Applications

CCD cameras, measuring instruments, entertainment centers, medical equipment and other applications requiring use of reliable small circular connectors.
