

Logitech® for Business

Webcam Pro 9000 for Business

- Optimised for Microsoft® Office Communicator
- 75-degree wide-angle lens
- High-definition video at 720p*
- Carl Zeiss® optics with autofocus
- Plug-and-play, UVC-compliant video conferencing*

The Logitech® Webcam Pro 9000 for Business is a premium HD webcam that takes video conferencing to the next level. It's optimised to ensure the best experience for Microsoft® Office Communicator users. A 75-degree wide-angle lens allows everyone to be seen during small group video conferencing. You'll enjoy fluid, high-definition video at 720p widescreen* and VGA streaming video at up to 30 fps. The 2-megapixel HD sensor raises the bar on image quality. Carl Zeiss® optics with autofocus keeps images incredibly sharp and clear, automatically, from as close as 10 cm (3.94 inches) to infinity. And it offers plug-and-play video calling for users of Windows 7®, Windows Vista® and Windows® XP.

* Software installation required for autofocus, video/photo capture, RightLight 2 and RightSound technology.
