

Product Details:

VELCRO® Brand Extreme Strength Fastener

VELCRO® Brand Extreme Strength Fastener is an extremely high performance VELCRO® Brand VEL-LOC® (Mushroom) & Loop Closure, suitable for indoor applications where strength, hardness and reliability are needed for devices, items or products to be moved and/or positioned providing a semi-permanent and reliable fastening.

Useful for applications that eases the process of installing and upgrading, where medium thickness of the closure is important.

Adhesive designed for a wide number of substrates such as aluminum, stainless steel, glass, plywood and polyester. Adhesive is not suitable for polyethylene, polypropylene or Vinyl-PVC.

From general use to industrial applications, our Professional Series products are a smart alternative to traditional fasteners and a must have for any contractor and installer.

Features and Benefits:

- Product width presentation of 50mm and lengths of 5 and 25 meters
- Colour: Black
- Base material: Polyester, Polypropylene & Polyamide
- Medium hook and loop profile for indoor use
- Medium adhesive temperature ranges: -15°C to +90°C
- Easy and fast (dis)mounting, extremely useful during maintenance tasks, flexible to support moves, adds, or changes
- Attachment of building envelope components
- Alternatives for temporary or permanent installations
- Increased performance in combination with mechanical systems (nailing, screwing, stapling)
- Easy touch fastening & medium weight, providing time & labor savings
- For applications where very low cycling is required
- Increased creativity
- Labor savings: greater productivity, repositionable & easy to remove, safety & no weather restrictions
- Environmental benefits: Reduces air pollution by chemical components or solvents, less waste / residue and recyclable
