TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description: (Text limited to 120 characters)
ADAPTER 90 DEGREE, 4/7POS.

Description of Changes
The Industrial and Commercial Transportation business unit of TE Connectivity is making a change to add the molding recesses to hold the parts at the end of the molding process before extraction from the mold half for the part number(s) listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawing(s) is affected.

Reason for Changes:
Dear Customer, we hereby inform you of this change. The change is necessary to Maintain the holding of the part at the end of the molding process before extraction from the mold half . The change does not impact connector performance. IMPORTANT: The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed.
