

Chameleon Desk Magnifier

A sturdy desk lamp, with 3 colour settings.
Ideal for working with intricate detail.

The Chameleon Desk Magnifier is a modern designed, sturdy desk lamp with a flexible goose neck.

It has 3X magnification, making it ideal for crafters, mobile beauty, reading and users with low levels of vision. This lamp is ideal for working with intricate detail.

The bright LEDs clearly light up the area the lamp is shining on and features three touch sensitive buttons on the base, which control the colour temperature of the lamp (2800K, 4000K and 6500K), as well as adjust the brightness of light that it emits.

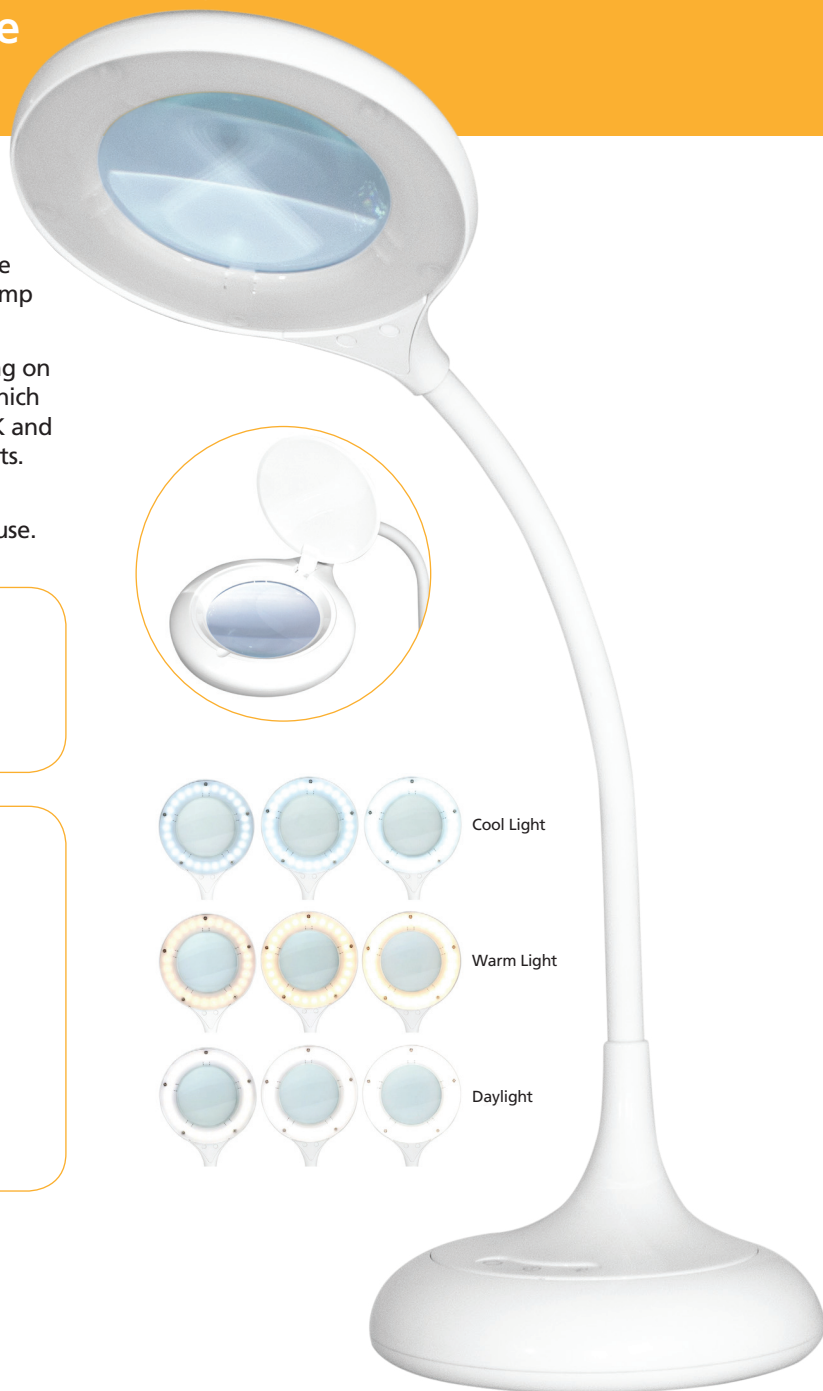

The magnifier which is situated between the LEDs on the circular head, has a cover to protect the lens when not in use.

FEATURES

- Flexible Goose Neck.
- 3 step dimmer technology.
- 3 X magnification lens surrounded by daylight LEDs.
