

Slim Lamp Flex

Perfect for home, office, studio or workspace. A great portable lamp, anyone that likes beauty, crafting, sewing, etc. ideal for

A great portable lamp, ideal for anyone that likes to sew, craft, paint models, work at a laptop, read or do beauty treatments at home, office, studio or workspace.

If you go to classes you will have your lamp working with your battery pack making you completely independent.

The 5,500K daylight LED light source allows for accurate colour matching.

The spring clamp allows the user to clamp it to the edge of a desk or other flat surface. The goose neck is flexible so you can position the lamp exactly where you need the light.

There are three brightness levels on the lamp, just tap the end to increase the brightness. Ideal to use with a laptop or over a computer, the USB can be directly plugged into the computer.
