SUREFIRE

SECURE TO DESK

Clip to your desk – above or below – to keep your gaming gear neatly arranged. The Vinson headset stand also has an anti-slip rubber base so can be positioned anywhere to give you more space for gaming.

FOR 2 HEADSETS

The retractable rack can hold one or two headsets, saving you space on your play area. It also contains a built-in phone stand, cable tidy and small storage area to keep everything organised.

USB HUB WITH 7.1 SURROUND SOUND

The Vinson N2 sports two USB-A ports, one USB-C port and one 3.5mm audio port, providing a multifunction connection hub for all your peripherals. Plug in your 7.1 virtual surround sound headset, connect your gaming mouse, or charge up your mobile phone, all from this cool headset stand.

RGB LIGHTING

The 6 different LED light modes provide plenty of options to set the perfect mood for the game. Utilise one of the multicoloured rainbow effects or go for a single colour theme – the choice is yours.
