Twinkly Festoon – 20 RGB LED Bulb Lights String, 10 m, 16 Million Colors – Generation II

Twinkly Festoon – App-controlled LED Bulb Lights String with 20 RGB (16 million colors) LEDs. 10 meters. Black cable. Indoor and outdoor smart lighting decoration.

Twinkly Festoon is a smart LED bulb lights string that can be controlled via app and vocal assistants. With a lighted length of 10 meters, consisting of 20 G45 shaped RGB LED bulbs, Twinkly Festoon is perfect both for summer and the Christmas season, bringing the most advanced technology to your outdoor lighting decoration.

Like all Twinkly products, Festoon can be mapped and every single LED can be controlled individually, allowing you to create and reproduce unique effects, gradients, and color animations – Festoon becomes your screen.

Easily configurable via Wi-Fi and Bluetooth®, Twinkly Festoon is controlled using the free Twinkly App, available for iOS and Android.

Twinkly's App enables you to create bespoke light design installations thanks to a wide range of pre-made effects and animations, as well as the ability to create your own effects from scratch using the FX Wizard creation tool.

Twinkly Festoon can be grouped together with other Twinkly RGB devices to create larger, synchronized light installations.

Twinkly Festoon can be controlled seamlessly with vocal assistants such as Hey Google and Amazon Alexa, as well as with Apple HomeKit, Homey, and Razer Chroma™ RGB via Twinkly Chroma Connector to enhance your gaming experience with stunning light effects that react to your gameplay.

Suitable for indoor and outdoor use, rated IP44.

Highlights

- Multicolor RGB LEDs – 16 million colors
- App-controlled 20 LED G45 bulb lights string

Features

APP-CONTROLLED LIGHTS. Use the free Twinkly app (for iOS and Android) to fully manage Twinkly Festoon. Choose, create and design effects, apply a timer, and switch your lights on and off.

EASY SETUP. Using Bluetooth and Wi-Fi you can quickly set up your Twinkly Festoon and start playing with it in seconds.

PREMIUM OUTDOOR LIGHTING DECORATION. Made with premium components, 20 individually addressable super-bright LED-powered G45 bulbs, and top quality wiring, Twinkly Festoon features a classy all-black look that will fit any outdoor environment.

FOLLOWS THE MUSIC BEAT. Using the optional Twinkly Music USB microphone, Twinkly Festoon can reproduce effects in sync with any music played in your environment.

STUNNING SCENERY INSTALLATIONS. Unleash your creativity grouping multiple Twinkly devices together using the Twinkly app, with no physical connection required.

OTHER FEATURES. Smart controller, power adapter with plug type G (United Kingdom) included. Fully-featured control panel with dimmer, timer and brightness. Works with Hey Google and Amazon Alexa. Works with Apple HomeKit. Compatible with Homey. Integrates with Razer Chroma™ RGB.

Long description

Twinkly Festoon is a smart LED bulb lights string that can be controlled via app and vocal assistants. With a lighted length of 10 meters, consisting of 20 G45 shaped RGB LED bulbs, Twinkly Festoon is perfect both for summer and the Christmas season, bringing the most advanced technology to your outdoor lighting decoration.

Like all Twinkly products, every single LED of Festoon can be controlled individually, allowing you to create and reproduce unique effects, gradients, and color animations.

Twinkly's patented mapping tool uses your smartphone camera to locate the precise position of each LED in the space, however they are laid out. This powerful and innovative process lets you control your Festoon like a screen: you can play professional, pixel-perfect effects and animations right on your decoration.

Twinkly's App enables you to create bespoke light design installations thanks to a wide range of pre-made effects and animations, as well as the ability to create your own effects from scratch using the FX Wizard creation tool. All effects are completely customizable: brightness, speed, intensity, and color can all be modified with a single tap. A color picker helps you choose the perfect shade from more than 16 million options. An ON/OFF timer and general dimmer complete your control panel, providing you with unlimited possibilities to create the perfect lighting decoration. Festoon can be grouped together with other Twinkly RGB devices to create larger, synchronized light installations.

Twinkly Festoon can be used in combination with Twinkly Music, a small USB device (sold separately) capable of identifying and interpreting any source of music reproduced in your environment, enabling your lights to follow the beat for a WOW-effect audiovisual experience.

Twinkly Festoon can be controlled seamlessly with vocal assistants such as Hey Google and Amazon Alexa, as well as with Apple HomeKit, Homey, and Razer Chroma™ RGB via Twinkly Chroma Connector to enhance your gaming experience with stunning light effects that react to your gameplay.

Getting started with your Festoon is super easy: a quick and intuitive setup process helps you configure your device in a matter of seconds via Bluetooth® and Wi-Fi.

Twinkly Festoon is IP44 certified, suitable for both indoor and outdoor use.
