Internal Product Announcement
EOL Announcement: June 2024

Date: June 20, 2024

Recommended Audience:

Digilent Employees

Digilent Distributors

Digilent has decided to EOL (End of Life) the following products due to low sales and to better align our product portfolio. The EOL date for these products is September 30, 2024, and these products will continue to remain active on our website until any of the remaining inventory is sold. The list of EOL products is listed below along with a recommended product replacement (if applicable). We will be sending an email to any customers who purchased these devices over the past 3 years announcing the EOL and offering them a last time buy opportunity.

Digilent Part Number	MCC Part Number	Possible Replacement

Dear Customer,

Our records show that you have previously ordered one or more of these products from Digilent/Measurement Computing. Please be advised that these products will be discontinued as of September 30, 2024.

Many of these products have easily migratable alternatives within the MCC product line.

We will accept orders until September 30, 2024, subject to component availability.
