

TWL100STW-BUK

Twinkly Line – Starter Kit App-Controlled Adhesive + Magnetic LED Light Strip with RGB (16 Million Colors) LEDs. Extendable. 1.5 Meters. Black Strip. Indoor Smart Home Decoration Light

DESCRIPTION

Transform your space with sleek and elegant smart LED strip Twinkly Line. Whether you want subtle accent lighting in your kitchen or unique decorative lighting in other spaces of your home, Line brings new levels of creativity to lighting design. Featuring an all-black strip with an adhesive and magnetic back, these premium, app-controlled, addressable LEDs were designed for extraordinary brightness and color quality in over 16 million colors. Can be extended exclusively with one Twinkly Line Extension Kit. For indoor use only.

FEATURES

Decorate your space with Twinkly Line, a sleek, premium, all-black smart LED strip with an adhesive and magnetic back that will take your lighting decorations to new levels with light and color like never before

Enjoy setup in a matter of seconds via Bluetooth® and Wi-Fi, manage your lights with the free Twinkly app (iOS and Android), group multiple devices, set automated playlists, switch your lights on and off, apply timers, dim them and adjust their brightness, and much more

Unleash your creativity with endless preset effects and animations, create your own personalized ones using the FX Wizard on the Twinkly App, or virtually draw effects on your lights with your finger. Use your imagination and any shade, gradient, hue or tint of 16 million colors and white light to create the ultimate decorative lighting

Use your lights all year round and create the perfect accent lighting or bias lighting in any indoor space. Position Line behind TVs, under kitchen cabinets, around rooms, or behind the bed and create just the right mood lighting

Watch your lights dance to Twinkly Music (sold separately), a smart USB-powered sound sensor that interprets ambient music and sounds in your space and applies synchronized colors and effects to your lights

LONG DESCRIPTION

Transform your space with sleek and elegant smart LED strip Twinkly Line. Whether you want subtle accent lighting in your kitchen or unique decorative lighting in other spaces of your home, Line brings new levels of creativity to lighting design. Featuring an all-black strip with an adhesive and magnetic back, these premium, app-controlled, addressable LEDs were designed for extraordinary brightness and color quality in over 16 million colors. Can be extended exclusively with one Twinkly Line Extension Kit. For indoor use only.

Twinkly lights are easy to configure via Bluetooth® and Wi-Fi and can be voice-controlled with voice assistants Amazon Alexa and Google Assistant. Once you've set up your lights, let the Twinkly App do the rest: it scans and maps each individual bulb, transforming your lights into a personalizable decorative display. You then get to apply virtually endless default effects and animations or create your own personalized ones.

For even more impressive decorations, combine your lights with Twinkly Music (sold separately), a USB device with a built-in microphone that interprets ambient sounds and music in your space and applies matching colors and effects to your lights. And for gamers, Twinkly seamlessly integrates with Razer Chroma™ RGB and OMEN Light Studio to take gaming to the next level with stunning lighting effects that react to gameplay.

HIGHLIGHTS

- Multicolor RGB LEDs – 16 million colors
- App-controlled 1.5 meters adhesive + magnetic light strip
